### PROFILE

Product and UX/UI designer with 5+ years across agency digital projects and visual design. Experience with SaaS and CRM interfaces, e-commerce, web and mobile flows, research, prototyping, and design systems. Work closely with developers, product teams, and clients to turn requirements into clear interfaces and implementation-ready designs.

### CORE STRENGTHS

SaaS and CRM interfaces | E-commerce | Web and mobile UX/UI | User flows and information architecture | Figma prototyping | Design systems | Developer handoff

### EXPERIENCE

#### Designer

NEVA-METALL POSUDA | May 2026 - Aug 2026

- Designed marketplace product imagery, infographics, campaign assets, and website materials for a consumer cookware brand.
- Maintained visual consistency across product ranges and adapted creative work for digital channels and print.

#### UX/UI Designer

Svetlye Golovy | Nov 2025 - Apr 2026

- Designed web and mobile interfaces for product redesigns, from user flows and wireframes to interactive prototypes and responsive UI.
- Developed and maintained design systems; collaborated with developers to keep implementation consistent.
- Conducted UX audits and competitor analysis, refined key user journeys, and contributed to product discussions and prioritization.

#### UX/UI Designer

Kingsmen Agency | International marketing agency | Apr 2023 - Mar 2025

- Designed SaaS and CRM interfaces, e-commerce experiences, and websites for international client projects.
- Created user scenarios, interactive prototypes, and high-fidelity web and mobile designs in Figma.
- Contributed to discovery, client presentations, and design reviews; worked directly with developers through implementation.
- Managed concurrent commercial projects and clarified design handoff to reduce avoidable revisions.

## Experience and selected work

### Freelance UX/UI Designer

Independent projects | Oct 2022 - May 2023

- Conducted customer interviews, competitor analysis, and user-needs research for client projects.
- Designed responsive websites, information architecture, user flows, wireframes, and UI; coordinated discovery and design approvals with clients.

### UX/UI and Web Designer

EEESY Agency | Digital agency | Apr 2020 - Jan 2022

- Designed and refined website and mobile interfaces, responsive layouts, UI kits, and reusable components.
- Conducted usability testing and user-behavior analysis to inform interface improvements.
- Worked with developers and project managers in an agile team.
